PhD Steinar Lorenzen is a professor emeritus in psychiatry at the University of Oslo Norway. He has trained as a psychoanalyst and group analyst and is a founding member of the Institute of Group Analysis and Group Psychotherapy in Norway, where he was training analyst for many years. He has published book chapters, two books and numerous papers on different clinical psychiatric issues, with a particular focus on psychotherapy, psychodynamic groups and group analysis. He has for many years coordinated a Scandinavian team that ran a block-training course in Group Analysis in Vilnius Lithuania. He is a honor member of EGATIN.
